BACKGROUND AND EXPERIENCE	
Please briefly present the organisation.	Cultural Alleys is a non-profit organisation based in Lithuania, officially established in 2025. The organisation operates at the intersection of artistic practice, academic inquiry, and community engagement, fostering collaborative projects with artists, researchers, and cultural practitioners across disciplines. We engage with cultural, individual, and social structures through their own lenses, nurturing layered approaches. We work with methodologies, structures, and practices that bridges phenomena of cultures, its articulations across communities by embedding relativity, and perspectives at the core of its practice, ensuring respect, inclusivity and recognition of difference. We design and implement ideas that are grounded in interdisciplinary and cross-sectional approaches, shaped by transcultural dynamics.
